

## EDUCATION

---

### EDO STATE UNIVERSITY

Uzairue, Edo State

Bachelor of Engineering in Computer Engineering

GPA: 4.60 (5.0) - First Class Honors

## PROFESSIONAL EXPERIENCE

---

### CHEVRON NMA — Lekki, Lagos

Summer 2023

#### Software Developer Intern

- Proactively participated in weekly team meetings and conducted reports on the projects' progress. Developed data-driven solutions that improved decision-making processes, contributing to datainformed strategies within the organization.
- Leveraged Power Apps for creating intuitive dashboards and interfaces for stakeholders, enhancing project visibility.
- Implemented data security measures and optimized database performance, ensuring data integrity and high availability.

### PAYV3RSE TECHNOLOGIES —Benin City, Edo

2022

#### Web Developer Intern

- Pioneered a mobile-first approach in web design, ensuring that websites were optimized for mobile devices and progressively enhanced for larger screens.
- Designed modular and responsive templates that adapt seamlessly to various screen sizes and devices, enhancing the user experience and increasing site traffic.
- Conducted user research and A/B testing to gather feedback and refine designs, resulting in improved user satisfaction and increased website traffic.

### MAXFRONT TECHNOLOGIES LTD — Lekki-Ajah, Lagos

2019-2020

#### Web Developer Intern

- Designed web pages and provided beneficial IT support and assistance to other employees; performed other duties as assigned by manager.
- Performing bug fixes and code reviews. Technical debt was reduced by 41% within the first two months.
- Wrote 250+ JavaScript components for client websites contributing to 97% positive client satisfaction scores on front-end work.

## PERSONAL PROJECTS

---

- **LineTech (2022).** Cross-Platform, responsive web application for chatting with friends. A React JS project made using JavaScript, Tailwind CSS, Firebase Authentication, Redux and React-routing components that leverages animated components to stimulate a modern 'Discord-like' app experience.
- **GPA Calculator (2022).** A simple but modern GPA Calculator made using Bootstrap and JavaScript on a 5.0 scale that implements CRUD operations and dynamically transitions inputted data into a table.
- **Believers Equipping Nation (2023).** Co-developed a fully functional church website with dynamic search and filtering functions and utilizes animations with the help of Framer-motion and TailwindCSS.

## AWARDS

---

- **Microsoft Imagine Academy (2018):** An annual subscription-based IT education toolkit for academic institutions.
- **Duke Of Edinburgh Silver Award (2019):** Internationally recognised award with over 130 participating countries. The programme focuses on physical recreation, skill building and service to the community.
